**Arrival and Departure**
Children should arrive at school no earlier than 7:45 a.m. Students will be supervised on the playground beginning at this time. A sign is posted in the office window indicating if students are to remain inside during inclement weather. Students are not to be in the building until the bell rings, unless they are attending breakfast. Children should depart school when the final bell rings and go directly home.

**Attendance**
Attendance in school directly corresponds to student's success: therefore, HLO encourages students to be in school as much as physically possible. Frequent absences may lead to poor academic work, lack of social development and possible academic failure. Tardiness is not accepted. A student is considered “tardy” if he/she is not in his/her seat when the 8:05 bell rings. A student receives an “unexcused absence” when neither the school nor the parent/guardian approve of the reason for the student’s absence.

**Absences Procedures**
Please notify the elementary office between 7:45 and 8:30 if your child will not be attending school that day. **Call 507-793-2307, extension 2100.**

**Absence due to illness or emergency**
1. Call the school on the day of the illness or emergency.
2. Send a written note with the student upon returning to school. It is the student/parent/guardian’s responsibility to bring a note. Students returning from an illness will not be admitted without a parent/guardian explanation. The parent/guardian will be called if no note is received.
3. The note should include the name of student, date or dates of absence, specific reason for absence, current date and parent/guardian signature.
Illness during the school day
1. Once the student has reported to school he/she cannot leave the school building without first reporting to the office.
2. The office shall then contact a responsible person, the parent/guardian if possible.
3. If no contact is made, the student will stay in the health room of the office until the end of the day.

Pre-excused absences
1. The school must be notified at least one day in advance if there is to be absence for reasons other than illness or emergency.
2. The parent/guardian should send a note explaining the reason for the absence and the date(s) the student will be gone. A written note does not necessarily mean the absence will be excused by the school.

Unexcused absences
The following steps will be followed concerning unexcused absences:
1. Parent/guardian will be informed by telephone or mail.
2. Detention may be given as a result of an unexcused absence.

Tardiness
For every 3 unexcused tardies per quarter a student will receive 2 noon hour detentions. After the sixth unexcused tardy the student and parent/guardian must meet with the school social worker and principal to resolve tardiness problems.

Leaving School – non-typical manner
If your child is to leave school other than in his/her normal manner, written/verbal permission from the parent must be provided to the school.
It is the policy of Heron Lake-Okabena Elementary School not to permit any child to leave the school grounds without prior permission of the parent/guardian.

Appointments
If your child has an appointment during school hours, please send a note stating the place of the appointment, time the child is to be excused, and who will be picking up the child. No child will be released from school unless picked up by a parent, guardian, or parental designee. You are also requested to notify the office when your child returns to school after an appointment.

School Closings
The school district will announce school closings with Honeywell Instant Alert and on the school website. The information will also be available on KDOM -94.3 FM Windom, Worthington Radio and on television KSFY-SiouxFalls and WCCO-4 Twin Cities.

Menu
A breakfast/lunch calendar menu is posted in the classroom and hallway each month. They are also available online at the school website.

Lunch/Milk/Breakfast
The Heron Lake-Okabena lunch program serves nutritious well-balanced meals each day of the school year. Cost of lunch is $2.50 per meal. Lunch is purchased on a prepay basis. It is recommended that meals be purchased in increments of 10 or 20 at a time. Each day the students will have an opportunity to have milk during their break. This is also on a pre-pay basis and the cost is $14.00 per quarter. A savings
of $4.00 will be offered for purchasing milk for the entire year at a cost of $52.00 per child. Kindergarteners
students will not be charged. Their milk cost is paid through a grant.

Snacks/Treats
Students are given a break during the day to have a snack and juice/milk. The snacks are brought from
home and should be a nutritious, healthy snack such as a fruit snack, piece of fruit, muffin, cookies, etc. **No candy is allowed for daily snacks.** Chewing gum is to be allowed at the discretion of the classroom
teacher. If treats are sent to school for birthdays or parties they must be purchased/packaged items.
Preschool snacks are provided.

Extra-curricular Events
It is a privilege for the students to attend extracurricular events and activities sponsored by the district.
For the safety of the student, **all elementary age students must be supervised and accompanied by a
parent.** Parents will be called to pick up a child if this rule is not followed. In the event that Community
Education groups are performing during an event, the group will sit together and be supervised by the
coach. The discipline policy is in effect at any school sponsored event. The district sportsmanship policy
will also be enforced.

Activity/Athletic Tickets
Ticket prices for athletic events:
1. Single game ticket: Adults-$6   Students (K-12)-$4
2. Season Ticket (K-12)-$40 Adults-$60 (all events) Family Pass-$200.00

Lost and Found
Many items are carelessly left in the building, on the playground or bus. All unclaimed articles are sent to
the school office. These things may be reclaimed upon proper identification in the office. If your child
reports losing anything at school, please remind them to check the lost and found. Please properly label
all of your child's possessions. All items not claimed by the end of the school year will be disposed of by
the school.

Recess
Recess is a part of the normal school day. Students need the opportunity for a break from academics and
a time to socialize with friends. Students must dress appropriately. Requests to have a child remain in
the classroom during recess/noon periods must be kept to an absolute minimum. No child will be
permitted to remain inside without a written request signed by a parent/guardian. Appropriate supervision
is a concern and students permitted to remain inside will need to sit in a designated space when requests
are made.

Sending Money to School
If you are sending money to school, please place it in an envelope with both the student’s and the
teacher’s name on the outside. Please indicate the purpose for which money is being sent-- lunch, milk,
book orders, etc.

School Pictures
Students’ pictures are taken during the fall [no spring photos]. You will be notified of the exact day. The
purchase of the pictures is optional.

School Patrol
If you are a fifth or sixth grade student, you are eligible for school patrol. Being a member of the school
patrol means the you have the responsibility of helping children get to and from school safely. It is an
honor to be a member. Each year a field trip is planned to thank school patrol members for their hard
work and dedication. All K-12 students are expected to follow the school patrol rules. If a member of the
school patrol receives two discipline notices throughout the year, they may be removed as a member of the school patrol.

Visitors
Parents and volunteers are an important part of our school. In order for the school to keep a record of your visit and for the safety of all our students, we ask that all visitors stop at the office immediately upon entering the school.

Academics:

Homework
Homework for elementary aged students can be a good thing, when properly planned and supervised. Your teachers may assign homework so children can complete regular classroom assignments, make-up work, work on basic skills, complete math Home Links and Study Links, and pursue personal curiosity. You, as a parent, can play an important role in this area by supporting your child’s efforts, encouraging and helping them practice. Help them see that learning is fun, and it does indeed have a goal.

Field Trips
Field trips are a vital part of the educational program at Heron Lake - Okabena Elementary School. They provide students with opportunities to make observations related to topics being studied in the classroom. We ask parents to sign a permission slip at the beginning of the school year that will allow their child to participate in school sponsored field trips.

Parent/Teacher Conferences
Only when children feel that there is understanding, appreciation, and active cooperation between home and school can they do their best in their school work. Through conferences, parents and teachers gain a better insight into the children’s needs, interests, potential, and growth. Parents are asked to sign up for conferences in the fall. If you do not sign up for your conferences your child’s teacher will contact you. Please do not contact the school office, as conferences are no longer set up through the office.

PLC-Professional Learning Communities
This year the Heron Lake-Okabena School District staff has established Professional Learning Communities [PLC]. They are used for development of staff and are rooted in research and best practices in education. PLCs are staff members grouped together with others who teach similar content or share the same students. In order to facilitate the work of the PLCs, on Fridays students will be released one hour early [2:05 pm]. Additional time has been placed on each school day during the year to ensure students are not losing instructional time.

Special Services
In addition to classroom teachers, the following special services are also available: Speech and Language Clinician, School Psychologist, Social Worker, Special Education, Community Health Nurse, Occupational Therapist, Adaptive P.E., POHI (Physical and Other Health Impaired), and ELL (English Language Learner).

Student Transfers
If you are moving or withdrawing your child from school, please call or come to the school office a few days prior to your departure date. This provides ample time for completion of paperwork, return of library books and other school materials, etc.

School Dress
Heron Lake –Okabena Elementary School earnestly seeks the cooperation of all parents in the manner of proper dress and appearance of students. We believe that careless or inappropriate dress may reflect a student’s attitude towards learning. Students are encouraged to dress in a comfortable, neat and clean way. Please make sure that shirts and tops with “sayings” printed on them are in good taste. No shirts are permitted that have alcohol, tobacco, drug slogans or profanity printed on them. Clothing is to be worn in the manner in which it is designed to be worn. Failure to abide by the rules will result in disciplinary action.

Cell Phone
Cell phone usage is allowed with permission from classroom teachers during school hours. Phones will be used only in the presence of a supervising adult. Any phone being used without this permission will be removed from the student and kept in the office until the end of the day. We understand the need for this communication tool. However, this policy is to avoid classroom disruptions and safety issues. Please talk with your student about this policy. Refusal to hand over phones will result in In-School Suspension.

Students may use the telephone only with the permission of the classroom teacher. Phone calls to bring forgotten items or to arrange social activities will not be permitted.

Bicycles
Students in grades 1 - 6 may ride their bikes to school. They are to follow bike safety rules and must park their bikes in the bike racks located at the front of the school. Bike riders are to wait by their bicycles after the final bell and they will be dismissed when the busses have departed the premises.

Internet Use
Many students in the HLO school district have access to the Internet. Making Internet available to students carries with it the potential that some students might encounter information that some have identified as controversial and of potential harm to students. Because information on the Internet appears, disappears, and changes, it is not possible to predict or control what students may locate. HLO educators will take an active role in ensuring that students and their parents are aware of the individual student’s responsibility to use Internet resources in an ethical and educational manner. Students who knowingly access inappropriate material will be dealt with according to the discipline policies of the individual school building. The building technology coordinator and staff reserve the right to terminate immediately the computer use of any student who misuses the Internet privilege. The use of the Internet is a privilege NOT a right. Students will be taught appropriate use of e-mail and other general use of the Internet. The system administrators will deem what is inappropriate and their decision is FINAL.

Party Invitations
Party invitations are NOT to be handed out at school. No exceptions may be made to this school rule.
Room Parties
Class parties may be held on holidays [ie. Halloween, Christmas, and Valentine’s Day]. Letters will be sent home by each classroom teacher with the necessary information prior to each party. If a parent requests that his/her child is not to participate in any of these activities, the parent may take the child out of school.

Please ask your pharmacist for a container for the school.

### IV. PROCEDURES

A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.

B. School officials may inspect the personal possessions of a student and/or a student’s person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student’s person will be reasonable in its scope and intrusiveness.

C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.

D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.
E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.

V. DIRECTIVES AND GUIDELINES

Student Discipline

I. PURPOSE
The purpose of this policy is to ensure that students are aware of and comply with the school district’s expectations for student conduct. Such compliance will enhance the school district’s ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY
The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child’s dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a
fair and equitable district-wide student discipline policy will contribute to the quality of the student’s educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY
A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.

B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher’s lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.

H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.
IV. STUDENT RIGHTS

VII. DISCIPLINARY ACTION OPTIONS
The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student’s misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

VIII. REMOVAL OF STUDENTS FROM CLASS
A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student’s parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student’s conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher’s ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;

3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or

4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student’s tenth removal from class and make reasonable attempts to convene a meeting with the student’s parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student From a Class.
   1. When a student is removed from class, send the student to the office.
   2. The instructor will contact the office to inform the office of the removal of the student.
   3. The instructor will fill out a Disciplinary Referral form, and return it to the Team Office by the end of the day.

D. Responsibility for and Custody of a Student Removed From Class.
   1. The student shall report to the office.
   2. The office staff will then alert the Dean of Students and assign the appropriate location.
   3. Student must be accompanied only if it is determined necessary.
   4. Student is to work on missed class work or homework.
   5. Dean of Students is responsible for the oversight of student until the student is released.

E. Procedures for Return of a Student to a Class From Which the Student Was Removed.
   1. The Team leader will first confer with the instructor.
   2. A conference with the student and instructor may occur if deemed necessary.
   3. A date of return will then be determined by the Team.

F. Procedures for Notification.
   1. For detentions, the parent will be notified by mail with a detention slip.
   2. A parent may be contacted by phone, if the circumstances warrant it.

G. Disabled Students; Special Provisions.
   1. If the behavior is related to the disability, a manifestation determination will be conducted.
   2. The manifestation determination team will review the adequacy of the current Individual Education Plan (IEP) of a disabled student who is removed from class or disciplined.
   3. The name of students for which there is a concern is given to the special education department and they are referred for discussion at the child study meeting.

H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

   2. Establishment of a school and community advisory team to address chemical abuse problems in the district pursuant to Minn. Stat. § 121A.27;
3. The instructor will submit a written statement of concern about the student to the preassessment team.

I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.

The staff member will request that the behavior stops and then determine possible consequences for the behavior. If removal is necessary the administration will be called.

J. Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student’s Behavior.

After the fourth detention in a semester, a letter is sent to the parent/guardian setting up a discipline committee meeting with the student and parents.

IX. DISMISSAL

A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

   The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

   The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

   1. Willful violation of any reasonable school board regulation, including those found in this policy;

   2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

   3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

   1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

   2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the pupil’s need for assessment or other services or whether the
parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child’s IEP team, including at least one of the child’s teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child’s IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.

6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student’s version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
   a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
b. assign the student to attend school on Saturday as supervised by the principal or the principal’s designee; and

c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.

8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student’s parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)

9. The school administration shall make reasonable efforts to notify the student’s parent or guardian of the suspension by telephone as soon as possible following suspension.

10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student’s parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board’s decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. “Expulsion” means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

2. “Exclusion” means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

5. The student and parent or guardian shall be provided written notice of the school district’s intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student’s own choosing, including legal counsel at the hearing; (2) examine the student’s records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student’s parent or guardian that free or low-cost legal assistance may be
available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.

7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student’s own choosing, including legal counsel, at the student’s sole expense. The school district shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student’s records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

15. The student cannot be compelled to testify in the dismissal proceedings.

16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer’s findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to
apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student’s age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student’s right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN
A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student’s behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student’s behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS
Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS
The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS
Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student’s IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child’s IEP team and the child’s parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child’s behavior was (i) caused by or had a direct and substantial relationship to the child’s disability and (ii) whether the child’s conduct was a direct result of a failure to implement the child’s IEP. If the student’s educational program is appropriate and the behavior is not a manifestation of the student’s disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student’s educational program provides otherwise. If the team
determines that the behavior subject to discipline is a manifestation of the student’s disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student’s disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS
The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student’s case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY
The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal’s office.

XVI. REVIEW OF POLICY
The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

Bullying Prohibition Policy

I. PURPOSE
A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students’ ability to learn and teachers’ ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district’s intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

II. GENERAL STATEMENT OF POLICY
A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student’s act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or
operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district’s policies and procedures. The school district may take into account the following factors:

1. The developmental and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

G. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS
For purposes of this policy, the definitions included in this section apply.

A. “Bullying” means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to a student or a group of students and which substantially interferes with another student’s or students’ educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student or a group of students that a reasonable person under the circumstances knows or should know has the effect of:
1. harming a student or a group of students;
2. damaging a student’s or a group of students’ property;
3. placing a student or a group of students in reasonable fear of harm to person or property;
4. creating a hostile educational environment for a student or a group of students; or
5. intimidating a student or a group of students.

B. “Immediately” means as soon as possible but in no event longer than 24 hours.

C. “On school district property or at school-related functions” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

IV. REPORTING PROCEDURE

A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district’s ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

B. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal’s designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

F. Submission of a good faith complaint or report of bullying will not affect the complainant’s or reporter’s future employment, grades, or work assignments, or educational or work environment.
G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION
   A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
   
   B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
   
   C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.
   
   D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

VI. REPRISAL
The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

VII. TRAINING AND EDUCATION
   A. The school district annually will provide information and any applicable training to school district staff regarding this policy.
   
   B. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.
   
   C. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.
   
   D. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

VIII. NOTICE
The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
