Introduction

Welcome to the Heron Lake-Okabena School District,

This handbook provides students and parents with information about the Heron Lake-Okabena Public School. You should refer to this handbook as questions arise on various topics. Administration is also very open to answering questions, if you cannot find what you are looking for in this document.

The District Vision Statement
Heron Lake-Okabena School-United with community to provide a quality education.

The District’s Mission Statement
In partnership with the community, we educate and inspire students to become productive and respectful members of society.

The Student Handbook is comprised of four parts:

1) Information;
2) Academics;
3) Rules and Discipline; and
4) Health and Safety.

Topics within these categories are alphabetized.

Hours for School District Buildings and Facilities

The District and High School Office is open M-F from 7:45-4:00. The facilities and various programs have hours beyond these times, please contact specific programs for more information.

Daily Class Schedule

The daily class schedule is available on the school website www.isd330.org

Staff Directory and Contact Information

A complete staff listing can be found on the district web page. Extension numbers and e-mails can also be found there, or by contacting the elementary or high school offices.
PART I – INFORMATION

Arrival and Dismissal Hours

School building hours are 7:30 am - 3:45 pm

The building is open beyond those times (as specified above) for early arrivals and late departures. There is no direct supervision beyond those hours, so we ask you to make arrangements for pick up and drop off between those hours. The daily classroom schedule may be found online or by calling the high school office.

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found on the school district’s website at www.isd330.org. Each family should receive an activities calendar at a conference.

Class Assignments

All class assignments are at the district’s discretion. Course registration takes place each spring and courses are filled by seniority and credit needs. District staffing is based on spring registration and changes will be discouraged [limited]. Drop/add request in the first days of a quarter will be evaluated on an individual basis. That request will be evaluated on class size and reason for the request. Students have two days into a quarter to make a request for a drop/add.

Complaints

Students, parents/guardians, employees, or other persons may report concerns or complaints to the district in writing. The administration will respond in writing to the complaining party regarding the school district’s response.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy.

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals who are offered the opportunity to provide extracurricular services to the school district. These positions include, but are not limited to, all athletic coaches, academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.
Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non-curriculum related meetings during non-instructional time. These limited open forum meetings will be voluntary and student initiated; and will not interfere with the orderly conduct of educational activities within the school. All meetings under this provision must follow the procedures established by the school district.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, paper, erasers, and notebooks. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Field trips considered supplementary to the district’s educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school-district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information contact the school.

Food in the Building

- Lunch is to be eaten in the cafeteria, not in the hallways.
- Beverages and snacks are allowed only in non-carpeted areas.
- Only bottled beverages with caps on can be stored in lockers.
- No food or drink in the computer lab or library.
- Each classroom teacher has expectations in this area and they need to be respected.

Fundraising

All school sponsored fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the school board.
Graduation Ceremony

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the School Administration.

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student’s parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Library and Media Center

Students may use the library/media center during the school day and before and after school only when a supervisor is present. If you need additional time, please make your request to the librarian or technology coordinator and arrangements can be made.

Lunch

Students are not allowed to leave campus during lunch time, nor are they to order in food to be delivered by a commercial establishment. Heron Lake-Okabena is a closed campus.

The school lunch program will begin on the opening day of school and will provide a well-balanced and nutritional lunch for all students that wish to participate. Lunch is to be eaten in designated areas only. Students are expected to conduct themselves in a socially appropriate manner during lunch. Lunch times vary by grade.

Students may purchase lunch at school or bring a prepared lunch from home. Milk will be available for purchase to supplement lunches brought from home. Lunch prices are adjusted each year. Please see your yearly newsletter for current prices or contact the district office.

Students may be eligible for free and reduced price lunches and/or breakfasts. Free and reduced price eligibility forms are available in the district office. For more information regarding eligibility for free and reduced price meals, contact the district office.

Lunches can be paid for in the school office. After five unpaid lunches, students may not be allowed to eat the regular school meal. A supplemental meal will be provided until the bill is paid in full. No refunds will be given at the end of the year unless the student is graduating. Balances for underclassmen will be applied to the next school year.

Messages to Students

Calls on the school phone may be made with the permission of the office staff before and after school hours and during the noon lunch periods. No long distance calls may be made for class or organizational needs without the permission of the class teacher or advisor.
Students will be notified by the office when messages have been received. Students will not be allowed to leave class to receive telephone messages except in case of an emergency. Personal business is to be conducted outside of regular school hours.

**Nondiscrimination**

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities. The school board has designated the superintendent as the district’s human rights officer to handle inquiries regarding nondiscrimination.

**Notice of Violent Behavior by Students**

The school district will notify teachers and other appropriate school district staff prior to students with a history of violent behavior being placed in their classrooms. Parents will be informed prior to the notice being given. The student’s parents/guardians have the right to review and challenge their child’s records, including the data documenting the history of violent behavior.

**Parent and Teacher Conferences**

Parent and teacher conferences will be once each semester. For more information, contact the building principal. Dates are on the district calendar, which can be found on the website.

**Parent Volunteers**

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children’s classrooms. To volunteer in the school district, parents/guardians should speak to the Administration or teacher involved. Parents/guardians who visit the school must sign in at the high school office before entering a classroom or other building area.

**PLC-Professional Learning Communities**

The Heron Lake-Okabena School District staff has established Professional Learning Communities [PLC]. They are used for development of staff and are rooted in research and best practices in education. PLCs are staff members grouped together with others who teach similar content or share the same students. In order to facilitate the work of the PLCs, on Fridays students will be released one hour early [2:15 pm]. Additional time has been placed on each school day during the year to ensure students are not losing instructional time.

**Pledge of Allegiance**

The Pledge of Allegiance to the flag of the United States of America will be recited once a week. It is not a required activity for individuals. Students must respect another person’s right to make
that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district’s priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Heron Lake-Okabena School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. A link to the MSHSL website and its rules can be found on the district website. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the school’s activities director.

School Closing Procedures

School may be cancelled when the superintendent believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent will make a decision about closing school or school buildings as early in the day as possible. School closing announcements will be made available to the following:

JMC Notification System
KDOM, Windom AM-1580 FM-94.3 KWOA 95.1 Worthington
KSFY, Sioux Falls WCCO 4 TV, MSP

The school website will also post this information.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on
school property. “Contraband” means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district’s “Student Discipline” policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

**Lockers and Personal Possessions within a Locker**

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers which are provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students’ personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules.

**Desks**

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks which are provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

**Personal Possessions and Student’s Person**

The personal possessions of a student and/or a student’s person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

**Vehicles on Campus / Patrols and Inspections**

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

**Search of the Interior of a Student’s Motor Vehicle**

The interior of a student’s motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be
reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student’s control upon the request of a school official.

Student Publications and Materials

The policy of the school district is to protect students’ free speech rights while, at the same time, preserving the district’s obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval.

Distribution of Nonschool-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. Any student or employee wishing to distribute nonschool-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:

- Name and phone number of the person submitting the request
- Date(s) and time(s) of day intended for distribution.
- Location where material will be distributed.
- If intended for students, the grade(s) of students to whom the distribution is intended.

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. “Official school publications” means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district’s
actions are reasonably related to legitimate educational/learning concerns. Official school publications may be distributed at reasonable times and locations.

**Student Records**

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an “eligible” student is one who is 18 or older or who is enrolled in an institution of post-secondary education. These rights are:

- A parent or eligible student has a right to inspect and review the student’s education record by submitting a written request.
- A parent or eligible student has a right to seek amendment of the student’s education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights by submitting a request in writing.
- A parent or eligible student has right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that federal and state law and the regulations promulgated there under authorize disclosures without consent.
- The school district may disclose education records to other school officials within the school district if the school district has determined they have legitimate educational interests.
- That the school district forwards education records on request to a school or post-secondary education institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student’s enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to section 7165 of the federal No Child Left Behind Act and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts.

For more complete information on the rights of parents/guardians and eligible students regarding student records, please reference school board policy 515 available on the school website or in the district office.

**Release of Directory Information**

The Family Education Rights and Privacy Act requires school districts to notify parents/guardians and students that certain information from student records will be released and made public without the written consent of the parents or students 18-years-of-age or older. This information is called “directory information”. Directory information includes name, address, telephone, date and place of birth, participation in officially organized activities and sports, weight and height of athletic team members, dates of attendance, awards received, previous school attended, and photos for school-approved publications, newspapers or district web site. These publications could include district-initiated publications such as calendars, newsletters, annual reports, and brochures. They also include school-initiated publications such as student
newspapers and yearbooks. In addition, media including weekly community newspaper may ask to take photos of district students.

Parents of a minor student or students of majority age who do **not** want directory information released must notify the district in writing by September 15. They must specify which types of directory information they do not want released.

**Student Surveys**
Occasionally, the school district utilizes surveys to obtain student opinions and information about students. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. Parents have the right and option to inspect/view all surveys prior to administration. There will be no requirement that the student return the survey, and no record of the student’s returning a survey will be maintained. Parents also have the right to “opt their child out” of participation in any and all surveys.

**Tennessen Warning**
“An individual asked to supply private or confidential data concerning the individual shall be informed of: (a) the purpose and intended use of the requested data within the collecting government entity; (b) whether the individual may refuse or is legally required to supply the requested data; (c) any known consequence arising from supplying or refusing to supply private or confidential data; and (d) the identity of other persons or entities authorized by state or federal law to receive the data. This requirement shall not apply when an individual is asked to supply investigative data, pursuant to section 13.82 subdivision 7, to a law enforcement officer.”

**Transportation of Public School Students**
The school district will provide transportation, at the expense of the school district, for all resident students who live two miles or more from the school. Transportation will be provided on all regularly scheduled school days and make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students’ parent or guardian.

**Extracurricular Transportation**
The school district may provide transportation for students to and from extracurricular activities. The district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school. If you are participating in an activity which requires transportation, you should use the transportation provided by the school (unless you have previous written permission to be transported by your parent/guardian). Failure to adhere to this rule may result in disciplinary action which could include being suspended from participating in activities.
Vehicle Usage and Parking on School District Property

Student Parking

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:
- Parking a motor vehicle on school property during the school day is a privilege;
- Parking is permitted in designated areas only
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

Student Vehicle Usage

- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and/or permission has been granted to the student by the administration.
- Students are permitted to use motor vehicles on the high school campus before and after the school day or with parental approval.

Video- and Audio-Taping

School Buses

School buses used by the school district may be equipped with a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a videotape of the actions of student passengers as evidence in any disciplinary action arising from the students’ misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds are equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not completing their educational programs. The school district provides alternative learning options for students who are not progressing academically.
Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the superintendent.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment may be given a failing grade for that test or assignment and may be disciplined in accordance with the school district’s Student Discipline policy found on page 21 of this handbook.

Class Rank/Academic Standing

Eligibility for Honor Roll will be determined by grade point average:

- GOLD HONOR ROLL: 4.00-3.71
- SILVER HONOR ROLL: 3.70-3.36
- BRONZE HONOR ROLL: 3.35-3.00

All subjects for which grades are given will be included in the determination of honor roll. Students receiving a "D", "F", or incomplete may not be included on the honor roll. Quarterly honor rolls may be published in the newspaper, and posted at the school.

Extended School Year Opportunities (ESY)

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student’s IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the student’s case manager.

Field Trips

Field trips may be offered to supplement student learning. Field trips may be optional and students who participate may be charged. Students must be academically and behaviorally eligible to attend optional field trips; attendance of trip is at the discretion of administration. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and are required for grade or instructional purposes.

Academics and Extra-curricular Eligibility

Any student who is failing a class after the fourth week of the quarter will be subject to an Academic restriction. Students must maintain a passing grade in all their classes in order to participate in extra-curricular activities. At the end of each week (following the 4th week of the quarter) a grade check will be done on all students. Students in extra-curricular activities must be passing ALL of their classes to maintain eligibility. If not, the student will be notified that they...
are on academic probation until they are receiving passing grades. Students on probation must practice with the team, travel with the team, and sit with the team. During the ineligibility period, the student may not compete or perform publicly. An “I” (incomplete grade) means you are not passing all your classes. The student will remain ineligible until the incomplete is made up and or all grades are passing. If a student receives a failing grade at the end of a quarter, they will be ineligible for two weeks or two events in the following quarter. If the student receives a failing grade at the end of fourth quarter, he/she may be ineligible for fall activities.

If a student feels they were inappropriately placed on the academic restriction list they may petition for reconsideration. The procedure for petitioning off the restriction list is as follows:
1. The student must secure an Eligibility Petition from the high school office.
2. The student must have the teacher(s) requesting the restriction sign the petition verifying that an acceptable level of performance has been achieved.
3. The student must return the petition to the office.
4. The principal or his designee must sign off on the form and will notify coaches and/or directors of the student’s eligibility.
5. The student’s name will be removed from the restriction list and all privileges will be restored.

If a student believes that they have good grounds to appeal the restriction, an appeals board will meet with the student and the student’s parents prior to the restriction period to review the appeal. The appeals board will consist of the student’s teachers, the activities director, the Principal and the guidance instructor. Upon hearing the appeal, the board will vote “yes” or “no” on allowing the student the right to participate. A majority vote stands.

Grades

Students’ grades will be reported quarterly during the year. Online grade reports may be reviewed throughout the quarter at the school JMC parent portal on the school’s website. If you need a password or more information on how to use this program, please contact the district office. The high school has moved to using JMC to provide grade reports, and will not be sending out report cards to parents. If requested a paper report card will be available to parents/guardians or eligible students.

Graduation Requirements

Heron Lake – Okabena is on a semester system with a seven period day. For each semester course taken and passed the student will earn one half of a credit, a two semester course will yield one credit. The students will be required to take a minimum of six credits a year. Students who fail a required course should make arrangements for repeating the course. Failure to make up required courses will jeopardize a student's graduation. Credits for failed elective courses must also be made up.
**Incomplete Course Grade**

When students receive an incomplete grade the deadline for making up the incomplete grade is the Friday of the 2nd week of the next quarter [or 10 school days after the end of the quarter], unless alternative arrangements have been made with the instructor. Incomplete grades that are not made up prior to end of the next grading period will result in failure of the course and loss of credit.

**High School Students must have a total of 24 credits to graduate.**

*Students requesting credits from an outside source must get pre-approval from the administration. PSEO students are responsible for reporting credits they want transferred.*

Students must pass all State of MN Testing Requirements prior to the end of their senior year and take a onetime CPR/AED training.

A senior student will not be allowed to go through the graduation ceremony unless he/she has completed all the requirements of the state and local school board.

Class rank is determined by cumulative GPA in all classes taken. Honor Cord GPA is established at the end of the third quarter of the senior year.

- **GOLD HONOR CORD** 4.00-3.50
- **WHITE HONOR CORD** 3.49-3.00

**Course Credits Required**

In order to receive a diploma, students must successfully complete at least 24 high school credits and comply with the following high school level course requirements:

**Homework**
Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly. When a student is absent from school, the student is responsible for getting a make-up slip, contacting the teacher and getting all required assignments made up.
**Parent Right to Know**

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child’s classroom teachers, including, at a minimum, the following:

- whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
- the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
- whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

**Post-Secondary Enrollment Options**

Eleventh and twelfth grade students may apply to enroll in Post-Secondary Enrollment Options (PSEO) and other advanced enrichment programs. A Tenth grade student may enroll in one Career and Technical Education course on a college campus if they meet the eligibility requirements. General information about the PSEO program can be found on the MDE’s website. Qualifying credits granted to a student through a PSEO course or program will be counted toward the graduation and credit requirements of the state academic standards. The initial qualifications for PSEO are to be in the top 1/3 of your class as a junior or top 1/2 as a senior. Please check with the high school office.

A qualifying student should contact the college for information regarding acceptance. Most colleges require an entrance exam [Accuplacer for MNSCU colleges]. The student should then register and obtain a course schedule at the college. An application form, available from the college or online can then be filled out and turned into the district office.

Qualifying students must complete and submit an application form to the district by **May 30** for guaranteed enrollment the following school year. The application form must be signed by the student and his/her parent or guardian.

Heron Lake-Okabena School board only accepts PSEO on-line courses for Physical Education and Speech as electives. They do not fulfill the graduation requirements for those areas.

**PSEO students are to only be in the high school building while they are attending high school classes or by special permission of the administration.**

**PSEO Failure Policy**

If a student does not pass a PSEO course, then they will not be able to participate in MSHSL sponsored activities for two weeks upon receipt of notification from the college.
Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent’s decision will be final. The district has a variety of services to help students succeed in school.

Summer School

The school district may provide summer school learning opportunities. Parents of eligible students will be notified if this is available.

PART III — RULES AND DISCIPLINE

Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are REQUIRED to attend all assigned classes every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

The school’s attendance officer is Jen Koep: 853-4507.

Attendance Procedures if Student is Absent

Parents need to:
1. Call the school on the day of the absence at 853-4507 with reason.

**Unexcused Absences**

2. Any absences beyond 5 days per semester may require additional documentation such as doctor’s notes and/or other verification to explain the absence or they will be classified as “unexcused”.
3. Consequences of Unexcused Absences
   
   a. Students whose absences are unexcused could receive 0 credit for work turned in or completed on those days-teacher discretion.
   b. Students that skip class time will receive ISS at double the amount of time missed.
   c. In the case of a “skip day” students will have In School Suspension. This ISS may be on the day of graduation for seniors. If ISS is not completed, the student may not participate in the commencement program. Action may not necessarily be limited to the above.
   d. In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota Statues.
Suspension

1. Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student’s act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.
B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.
D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
E. False accusations or reports of bullying against another student are prohibited.
F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district’s policies and procedures. The school district may take into account the following factors:

1. The developmental and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

Definition of Bullying

A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or

2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, “bullying,” specifically includes cyberbullying as defined in this policy.

B. “Cyberbullying” means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation,
or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

**Reporting Procedure**

Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A student may report bullying anonymously. However, the school district’s ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district’s obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

The school district will give annual notice of school district policy 514 to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

**Buses—Conduct on School Buses and Consequences for Misbehavior**

Riding the school bus is a privilege, not a right. The school district’s general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. Student riders are expected to follow school district rules while waiting for a school bus.

**Cell Phones, Pagers, and Other Electronic Communication Devices**

Students are prohibited from using cell phones and other electronic devices during class, unless permitted by the instructor. Cell phones or other electronic devices that are retained by the school district will be returned at the end of day/class at administrations discretion in accordance with school building procedures. Students are also prohibited from using a cell phone or other electronic device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, gang activity, etc. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic device, the school district may contact law enforcement. Students who use an electronic device during class time and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district’s discipline policy. In addition, a student’s cell phone or electronic device may be confiscated by the school district and, if applicable, provided to law enforcement.

**Student Discipline**

**Purpose**
The purpose of this policy is to ensure that students are aware of and comply with the school district’s expectations for student conduct. Such compliance will enhance the school district’s ability to maintain discipline and ensure that there is no interference with the educational process. The school district uses positive behavior intervention strategies to assist students in meeting the behavior and academic expectation of the district. Appropriate disciplinary action may still be required when despite these efforts students fail to adhere to the Code of Student Conduct established by this policy.

**General Statement of Policy**
The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that
must be maintained between authority and self-discipline as the individual progresses from a child’s dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Appropriate behavior affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the school district that a fair and equitable district-wide student discipline policy will contribute to the quality of the student’s educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

With this in mind and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.

After the fourth removal in a semester, contact is made with the parent/guardian setting up a discipline meeting with the student and parents.

**Dismissal**

A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.
The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less, except as may be provided in federal law for a student with a disability.

2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the pupil’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger
to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. In the case of a student with a disability, the student’s individual education plan team shall meet immediately but not more than ten (10) school days after the date on which the decision to remove the student from the student’s current education placement is made. The individual education plan team must review all relevant information in the student’s file to determine if the conduct in question was (i) caused by, or had a direct and substantial relationship to, the child’s disability, or (ii) the direct result of the school’s failure to implement the individual education plan.

The requirements of the individual education plan team meeting apply when: (1) the parent requests a meeting; (2) the student is removed from the student’s current placement for five (5) or more consecutive days; or (3) the student’s total days of removal from the student’s placement during the school year exceed ten (10) cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. A separate administrative conference shall be conducted for each period of suspension.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.

6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student’s version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
   a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
   b. assign the student to attend school on Saturday as supervised by the principal or the principal’s designee; and
c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.

8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student’s parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)

9. The school administration shall make reasonable efforts to notify the student’s parent or guardian of the suspension by telephone as soon as possible following suspension.

10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student’s parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board’s decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. “Expulsion” means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

2. “Exclusion” means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

5. The student and parent or guardian shall be provided written notice of the school district’s intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of
their right to: (1) have a representative of the student’s own choosing, including legal counsel at the hearing; (2) examine the student’s records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.

7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student’s own choosing, including legal counsel, at the student’s sole expense. The school district shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student’s records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer’s findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student’s age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student’s right to attend and to be reinstated in the school district.

**Admission or Readmission Plan**

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student’s behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student’s behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

**Notification of Policy Violations**

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law.
teacher, principal or other school district official may provide additional notification as deemed appropriate.

**Student Discipline Records**

It is the policy of the school district that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

**Disabled Students**

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student’s IEP or 504 plan specifies a necessary modification.

Where a student is dismissed for five (5) or more consecutive days, or has accumulated more than ten (10) days of dismissal over the course of the school year, the school district will convene a meeting to determine whether the student’s educational program is appropriate and to review all relevant information in order to determine whether the behavior subject to discipline is a manifestation of the student’s disability. Such a meeting must be held within ten (10) school days of the school district’s decision to remove the student from his or her current educational placement and must be held before commencing an expulsion or exclusion of the student. If the student’s educational program is appropriate and the behavior is not a manifestation of the student’s disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student’s educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student’s disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior. If the student was placed in a 45-day interim alternative educational setting pending the manifestation determination, the student will be returned to the placement from which the student was removed unless the student and school district agree to a change of placement as part of the modification of the behavioral intervention plan.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student’s disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

**Crisis Services**

If a student displays signs that they are dealing with serious emotional and/or behavioral disturbance, the school shall work with the county board responsible for implementing sections 245.487 to 245.4889 to access and fund (as available) crisis intervention services.
Open Enrolled Students

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student’s case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

Distribution of Policy

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. The school district policy 506 shall also be available upon request in each principal’s office or on the district’s website.

- Any apparel or footwear that would damage school property.
- Hats are not to be worn in the building except with the approval of the building administration (i.e., student undergoing chemotherapy, medical situations).
• Blankets are not to be in hallway or classrooms.
• Backpacks, except in circumstances where a student has an injury or condition warranting the need for assistance in transporting books and materials to class, should be left in lockers during the school day.

If the administration believes a student’s appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. A parent or guardian will be notified.

**Drug-Free School and Workplace**

The district is committed to maintain a safe and healthful environment for employees and students by prohibiting the use of alcohol, toxic substances and controlled substances without a physician’s prescription.

Use of controlled substances, toxic substances, and alcohol before, during, or after school hours, at school or in any other school location, is prohibited as general policy. Paraphernalia associated with controlled substances is prohibited.

It shall be a violation of this policy for any student to use alcohol, toxic substances, controlled substance, or any other substance that impairs their mental functioning and may impact the safety of the student or other students, in any school location.

The school district will act to enforce this policy and to discipline or take appropriate action against any student or member of the public who violates this policy.

Students who have prescriptions must comply with the school district’s “Student Medication” policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

It shall be a violation of this policy for any pupil, teacher, administrator or other school personnel of the school district to harass a pupil, teacher, administrator or other school personnel through conduct or communication of a sexual nature or regarding religion and/or race as defined by this policy. Any adult school district personnel who receives a report of religious, racial or sexual harassment or violence shall inform the building principal immediately.

**In the District.** The school board hereby designates Superintendent, Paul Bang as the school district human rights officer to receive reports or complaints of religious, racial or sexual harassment or violence. If the complaint involves a human rights officer, the complaint shall be filed directly with the district Business Administrator.

**School District Action**

Upon receipt of a report, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and school district policies.

**Hazing Prohibition**

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district’s “Student Discipline” policy. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy. This policy applies to behavior that occurs on or off school property and during and after school hours. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor or other employee of the school district who is found to have violated this policy.

**Definitions**

“Hazing” means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into
or affiliated with a student organization, or for any other purpose. The term hazing includes, but
is not limited to:
1. Any type of physical brutality such as whipping, beating, striking, branding, electronic
shocking or placing a harmful substance on the body.
2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in
a restricted area, calisthenics or other activity that subjects the student to an unreasonable risk
of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product or
any other food, liquid, or substance that subjects the student to an unreasonable risk of harm
or that adversely affects the mental or physical health or safety of the student.
4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to
extreme mental stress, embarrassment, shame or humiliation, that adversely affects the
mental health or dignity of the student or discourages the student from remaining in school.
5. Any activity that causes or requires the student to perform a task that involves violation of
state or federal law or of school district policies or regulations.

“Student organization” means a group, club or organization having students as its primary
members or participants. It includes grade levels, classes, teams, activities or particular school
events. A student organization does not have to be an official school organization to come
within the terms of this definition.

Reporting Procedures
Any person who believes he or she has been the victim of hazing or any person with knowledge
or belief of conduct which may constitute hazing shall report the alleged acts immediately to an
appropriate school district official designated by this policy.

The building principal is the person responsible for receiving reports of hazing at the building
level. Any person may report hazing directly to a school district human rights officer or to the
superintendent.

School District Action
Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize
an investigation by school district officials or a third party designated by the school district.
The school district may take immediate steps, at its discretion, to protect the complainant,
reporter, students, or others pending completion of an investigation of hazing.
Upon completion of the investigation, the school district will take appropriate action.
Disciplinary consequences will be sufficiently severe to deter violations and to appropriately
discipline prohibited behavior.

This policy shall appear in each school’s student handbook and in each school’s building and
staff handbooks.
**Internet Acceptable Use**

All school district students have conditional access to the school district’s computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district’s system is a privilege, not a right. Unacceptable use of the school district’s computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws. A copy of the school district’s “Internet Acceptable Use” policy is available at before school conferences and on the district web page.

Students will receive a copy of the school district’s “Internet Acceptable Use” policy and are expected to understand and agree to abide by the policy as a condition of use of the school district’s computer system. All students who wish to use the school district’s computer system must sign the Internet Use Agreement form annually.

**Tobacco-Free Environment**

The school district is committed to maintain a learning and working environment that is tobacco free. A violation of this policy occurs when:
1. any student smokes or uses tobacco, tobacco-related devices, or electronic cigarettes in a public school.
2. any elementary school, middle school, or secondary school student possesses any type of tobacco, tobacco-related device, or electronic cigarette in a public school.

The prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls. In addition, this prohibition includes vehicles used, in whole or in part, for work purposes, during hours of school operation, if more than one person is present. This prohibition includes all school district property and all off-campus events sponsored by the school district.

**Tobacco and Electronic cigarette Defined:**
1. “Tobacco” means cigarettes; cigars; cheroots; stogies; perique; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobacco; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or smoking in a pipe or other tobacco-related devices.
2. “Electronic cigarette” means any oral device that provides a vapor of liquid nicotine, lobelia, and/or other similar substance, and the use or inhalation of which simulates smoking.

**Exception:** It shall not be a violation of this policy for an Indian adult to light tobacco on school district property as a part of a traditional Indian spiritual or cultural ceremony. An Indian is a person who is a member of an Indian tribe as defined under Minnesota law.
Enforcement:
1. All individuals on school premises shall adhere to this policy.
2. Students who violate this tobacco-free policy shall be subject to school district discipline procedures.
3. School administrators may call the local law enforcement agency to assist with enforcement of this policy. Smoking or use of any tobacco product in a public school is a violation of the Minnesota Clean Indoor Air Act and/or the Freedom to Breathe Act of 2007 and is a petty misdemeanor. A court injunction may be instituted against a repeated violator.

This policy shall appear in the student handbook.

Vandalism
Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials. Restitution for damages may be expected if necessary.

Weapons Prohibition
No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A “weapon” means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district takes a “zero tolerance” position in regard to the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis.

PART IV — HEALTH AND SAFETY

Accidents
All student injuries that occur at school or school-sponsored activities should be reported to the high school office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).
Asbestos Management Update
The school district has developed an asbestos management plan. A copy of this plan can be found in the Superintendent’s Office.

Crisis Management
The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures.

Emergency Drills: Fire, Lock-down, & Tornado
The school district will conduct the prescribed number of 5 lock-down drills, 5 fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Health Information
First Aid
The office in each building is equipped to handle minor injuries requiring first aid. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in the HS foyer. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases
To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted. The school district may assist in determining on a case-by-case basis whether a contagious student’s attendance creates a significant risk of transmitting the illness to others.

Health Service
Students who become sick at school should report to the office. In the event of an emergency, 911 will be called and contact will be made to parents as soon as possible.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. Please contact the high school office by 8:30 am if your child is ill. Please also see attendance policy for absences.
Various health screenings are conducted each year for various grades; vision, hearing, scoliosis, etc.

**Immunizations**

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempt from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the high school office.

**Medications at School during the School Day**

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student’s parent. An “Administering Prescription Medications” form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel in the office. Exceptions that may be allowed include: EPI-pen, prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student’s prescription medication administration.

**Non-prescription medication**

Each school year students must bring ALL medications with a parent’s permission slip or doctor’s order. Medication authorization forms are available in the office. The medications will be kept in the school office in a locked medicine cabinet for when needed. Medications need to come in their original, unopened container. Medications brought in baggies and envelopes will not be accepted. At the end of the year medications need to be picked up by a parent or a phone call or note authorizing the student to bring home the remaining medication. Any medication not picked up at the end of the school year will be destroyed.
**Pesticide Application Notice**

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides; the school district will provide a notice by September 15 as to the school district’s plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, the schedule of pesticide applications, and the long-term health effects of the class of pesticide on children can be requested by contacting the Superintendent.

**Safety**

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

**Visitors in District Buildings**

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the high school office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the high school office while in the building during the school day. Visitors must have the approval of administration before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

**Items Not Covered in this Handbook**

It would be impossible to address every situation that arises during the school day and at related extra-curricular activities. The administration has been directed and given the authority by the school board to develop and implement additional policies or procedures that they see as necessary in operating the school. Teachers may have additional rules and expectations not covered in this handbook. They will inform students and parents of these expectations through their syllabus. DISTRICT POLICIES AND CLARIFICATION OF POLICIES ARE AVAILABLE UPON REQUEST FROM THE DISTRICT OFFICE.
